The following information is designed to provide participants with a basic understanding of how the IYC will function and what you have to do to prepare for the experience. Based on our past camps, we strongly recommend that you follow the advice contained in this information. We hope we have designed an experience that is enjoyable, challenging, and educational.

THE EXPERIENCE

You have signed on for a **challenging** canoe trip that you will find both enjoyable and rewarding. The International Youth Camp (IYC) committee will prepare you to successfully complete a 200-kilometre canoe trip in two-person, aluminum canoes. You will be expected to fully participate in all aspects of the camping/canoeing trip including cooking, setting up tents, paddling, and of course, carrying equipment and canoes over the seven portages (the longest being 2.0 km). Of great importance to the success of your experience will be your willingness to work in a team atmosphere.

The trip will be **physically and emotionally challenging!** You must be comfortable in and around water and be able to swim. Prior knowledge of canoeing is not required, as we will teach you everything you need to know to complete the trip.

As part of this wilderness experience, we will teach you how to minimize your impact on the environment. You will be exposed to many other skills including, but not limited to map navigation, solo paddling, organizing a portage, wilderness, and other survival skills. Please come prepared to work and play hard, this is your trip, and you will get from it what you give.

CAMP RULES

These rules are in effect from your arrival in Sioux Lookout until your departure.

The International Youth Camp is governed by Rotary International rules for Exchange Students. As such, the following rules will be enforced:

1. Participants are not allowed to operate motorized vehicles of any kind
2. Participants may not use any drugs, except those prescribed by a medical doctor or trip paramedic. While you may have heard the marijuana is now legal in Canada. Marijuana will be treated the same as alcohol. There are government-imposed age restrictions. Marijuana will not be allowed during your time at the camp.
3. Participants are not allowed to consume alcoholic beverages. There will be no purchase of alcohol or consumption in public establishments.
4. For safety reasons, instructions and requests given by the trip leaders are to be followed without question or delay.

Participants not following the rules may be verbally disciplined, removed from the trip environment and returned home as required. Any additional cost of return will be paid by the participant.

SAFETY

We will be in the remote wilderness, but we will have a satellite phone to use in case of an emergency. We will have well trained personnel on the trip who can deal with medical or wilderness emergencies.

PARTICIPANTS WHO SMOKE

The committee has found that problems have arisen in the past with smokers. You are going on a wilderness camp experience, and you will not be able to purchase cigarettes while on the trip. Plan to bring enough cigarettes for the trip. Do not attempt to quit smoking on the trip, you will find this very difficult. At all times, you must refrain from discarding cigarette butts in the woods. Save butts and matches the campfire pit, in order to keep the woods clean and avoid forest fires. Smoking may be prohibited if there is a "Restricted Fire Zone" in place. (You can ask us about what this is later.)

Participants under 19 years of age are not able to legally purchase cigarettes in Ontario.

LANGUAGE AND CULTURE

The language used on the trip is English. Participants from other countries often speak a variety of languages. You will have the opportunity to learn about other languages and cultures.

CELL PHONES AND INTERNET

Most cell phones will work in Sioux Lookout. Internet will be available in most host homes and at the local coffee shops. On the wilderness portion of your trip, Sunday through Sunday, you will have no access to cell or internet signals. They do not exist in the area you are going to.

SPENDING MONEY

The amount of spending money that you will require for the trip will depend very much on the activities that you wish to participate in during your experience. You should have money for things like souvenirs, social evenings, and personal items. All meals will be provided.

Currencies other than American dollars are hard to exchange in Sioux Lookout. Bank machines and Credit Cards are extensively used. Traveler's cheques are cashable at the banks with passport identification.

CAMERAS AND VIDEO EQUIPMENT

We encourage you to bring any camera and video equipment that you wish. There are many opportunities for taking pictures on the trip. However, you are going on a wilderness experience, and we strongly recommend that any equipment be insured against loss and damage.
