Participant Health Declaration – Important Information

To ensure the safety and well-being of all participants, we ask you to complete the following medical questionnaire carefully and honestly. Scuba diving is physically and mentally demanding activities, and certain medical conditions may increase the risk of injury or illness while diving. This questionnaire is intended as an initial screening to help identify whether medical evaluation by a physician may be necessary before participation.

Diver Medical | Participant Questionnaire

Recreational scuba diving and freediving requires good physical and mental health. There are a few medical conditions which can be hazardous while diving, listed below. Those who have, or are predisposed to, any of these conditions, should be evaluated by a physician. This Diver Medical Participant Questionnaire provides a basis to determine if you should seek out that evaluation. If you have any concerns about your diving fitness not represented on this form, consult with your physician before diving. If you are feeling ill, avoid diving. If you think you may have a contagious disease, protect yourself and others by not participating in dive training and/or dive activities. References to "diving" on this form encompass both recreational scuba diving and freediving. This form is principally designed as an initial medical screen for new divers, but is also appropriate for divers taking continuing education. For your safety, and that of others who may dive with you, answer all questions honestly.

Directions

Complete this questionnaire as a prerequisite to a recreational scuba diving or freediving course.

Note to women: If you are pregnant, or attempting to become pregnant, *do not dive*.

1. I have had problems with my lungs/breathing, heart, blood, or have been diagnosed with COVID-19.	Yes <input type="checkbox"/> Go to Box A	No <input type="checkbox"/>
2. I am over 45 years of age.	Yes <input type="checkbox"/> Go to Box B	No <input type="checkbox"/>
3. I struggle to perform moderate exercise (for example, walk 1.6 kilometer/one mile in 14 minutes or swim 200 meters/yards without resting), OR I have been unable to participate in a normal physical activity due to fitness or health reasons within the past 12 months.	Yes <input type="checkbox"/> *	No <input type="checkbox"/>
4. I have had problems with my eyes, ears, or nasal passages/sinuses.	Yes <input type="checkbox"/> Go to Box C	No <input type="checkbox"/>
5. I have had surgery within the last 12 months, OR I have ongoing problems related to past surgery.	Yes <input type="checkbox"/> *	No <input type="checkbox"/>
6. I have lost consciousness, had migraine headaches, seizures, stroke, significant head injury, or suffer from persistent neurologic injury or disease.	Yes <input type="checkbox"/> Go to Box D	No <input type="checkbox"/>
